To: The staff of Thomas-Hood Veterans Center
From: The Family of Vernon Young

In February we made the difficult decision to admit Daddy to your facility-difficult because of letting go. In the process we talked to many people who we knew had a loved one there and people we knew who were employed there. We were told nothing but wonderful, glowing things about your facility. We brought Daddy there and were greeted so warmly and kindly. Throughout Daddy's short stay with you, we came to see first hand the wonderful things we had been told were true. Daddy was treated with kindness, patience, respect, and we believe, love. We cannot thank you enough for the excellent care he received. You all will always be in our prayers as you continue to minister to the Veterans of our Nation.

With grateful hearts,
